

COMING OF AGE:  
MEDICAL RESPITE CARE & HEALTH CARE REFORM  
PRE-CONFERENCE INSTITUTE

BEGINS AT 8:30AM

2012 National Health Care for the Homeless Conference & Policy Symposium

COMING OF AGE:  
MEDICAL RESPITE CARE & HEALTH CARE REFORM  
PRE-CONFERENCE INSTITUTE

2012 National Health Care for the Homeless Conference & Policy Symposium

# Group Activity: SWOT Analysis

**[10 mins]** group formation and introductions

**[5 mins]** Think about the impact that health reform may have on medical respite programs. In complete silence, use the sticky notes to write one strength, weakness, opportunity, & threat for medical respite programs. Write one response on each sticky note. Place sticky notes on the flip chart in appropriate category.

**[15 mins]** In each category, put responses into themes and as a group select one response from each theme that your group is most interested in learning more about or that your group believes is in need of the most attention in the field, either as a learning opportunity or in federal advocacy.

**[10 mins]** A person from each group will report out the SWOTs for their group and explain why these were selected.

# 2012-13 RCPN Steering Committee
