WHAT IS PHOTOVOICE?

What is Photovoice?

USES IMAGES TO INFORM

Why Should You Use Photovoice?

Images can be understood regardless of language, culture, or other factors

Basic photography is easy to learn and accessible to almost everyone

“A picture is worth a thousand words.”

Taking photographs or videos of familiar scenes and people can change participants' perceptions about their social and physical environment

Policy makers can't deny reality when it's staring them in the face

Photography is fun and creative

The rewards of taking photographs are immediate

When to Use Photovoice

***When Photovoice can change people's opinions about themselves and their environment**

***When you need to document a site, an event, or a way of life that is threatened or about to disappear**

***When a group's situation needs to be publicized**

***When a problem needs to be publicized**

***When you need to hold policy makers or others accountable**

***When change is necessary**

***When a community assessment is needed or in progress**

***When you need to document the process of or gather data for an evaluation of an intervention or program**

Adds Voice to Pictures

Photovoice is an Inclusive Process

Anyone can use a Camera when taught

Anyone can choose what issues are important to them and their community

Anyone can select photographs for inclusion VOICE

Anyone is able to show their photographs in order to make a difference.

Anyone may identify themes and issues

Ethics & Safety Training: Ethical Practices

- Respect other's privacy. Do not take photos of someone who does not want their picture taken.
- Make sure to reveal to those who agree to be in a photograph, that their picture may be included in project reports and photo exhibits.
- Get a release form signed by individuals who can be recognized.

Ethics & Safety Training: **Safety Considerations**

- Think carefully about the photo, the images to be captured, the situations you may get into or settings you may be a part of in order to capture those images.
- Take photos in public spaces. Be careful not to trespass on private property.
- Maintain personal safety at all times. No photo is worth personal danger.

Writing Your Photo Narrative

SHOWeD

1. What do you see here?
2. What is really happening here?
3. How does this relate to our lives?
4. Why does this situation exist?
5. What can we do about it?
